The New Blaze Audio 8-Channel 1U Amplifier Series Is Now Available Globally

Hi [Name],

We are excited to share with you that Blaze Audio's PowerZone™ Connect 1U amplifier series with 8 channels is now available in stock: PowerZone™ Connect 508 and PowerZone™ Connect 1008.

This 1U amplifier series has been carefully designed to meet the diverse needs of system installers. It features a compact design, delivering up to 1000 W of power suitable for a rack with limited space. It offers compatibility with both low-impedance and constant voltage loudspeakers (4 Ω to 16 Ω and 70 V/100 V respectively), along with automatic power-sharing technology for efficient distribution in both Lo-Z and Hi-Z modes.
