Blaze Audio Announces Global Availability of Its Ci Series Loudspeakers.

Commercial install loudspeakers an ideal match for company's amps and controllers

[Copenhagen, Denmark – October 2024] – Blaze Audio, a manufacturer of professional audio solutions for the installed sound market, is pleased to announce that its eagerly awaited Ci series loudspeaker product line is now available globally. The Ci series was acquired earlier this year from Cornered Audio ApS of Denmark and make an ideal match for use with Blaze Audio's PowerZone™ amplifiers, software, and controllers.

The new Ci series of products—the Ci2, Ci4, Ci4-V, Ci5, Ci5-V, and CS8 and CS12 subwoofers—are designed for use in commercial and hospitality locations. These surface-mounted loudspeakers make for a discrete and elegant installation while offering superior sound reproduction with wide and uniform coverage, clarity, and reliability.

The IP-rated Ci series is a feature-packed family of acoustically superior 2-way full-range loudspeakers that are designed for a wide range of indoor and outdoor commercial applications such as retail stores, restaurants, cafes, and meeting rooms. The patented 90° triangular ABS cabinet with built-in sliders fits perfectly into vertical and horizontal corners and can be coupled together to increase coverage to 180° or 270°. For enhanced bass performance, the Ci series' loudspeakers can be teamed indoors with the series' C8S and C12S subwoofers.

Ci series by Blaze Audio key features:

- Triangular ABS cabinet design for vertical and horizontal corners.
- Outdoor IP65 rating on loudspeakers (IP64 for Ci2).
- Switchable 100/70V mode/8 Ω mode (model dependent).
- Switchable limiting circuit for tweeter (model dependent).
- 100° vertical and horizontal dispersion.
- Couples together for 180° or 270° coverage (model dependent).
- Bracket-free or hidden slider mounting for easy one-person installation (model dependent).
- Hidden cable terminals.
- Metal grille.
- Compatible with Blaze Audio's C8S and C12S subwoofers.
- Designed in Denmark.
- Available in black and white.

George Tennes, VP of Sales and Marketing at Blaze Audio, commented on the new Ci series loudspeakers, "Our new Ci series loudspeaker line, combined with our PowerZone amplifiers, software, and controllers, create an ideal combination of products that are designed from the ground up to address the various challenges of installed sound for a wide range of environments. The Ci series loudspeakers represent Blaze Audio's unwavering commitment to delivering superior products for the installed sound market and we are delighted to say they are available now."
