Blaze Audio Announces Audinate™ Dante™ Equipped Versions of its PowerZone™ Connect Amplifiers

Yardley PA – September 2023... September 2023... Blaze Audio, a global provider of pro audio solutions tailored for the commercial and leisure install markets, continues to solidify its position with the announcement of Audinate Dante AoIP compatibility across its acclaimed PowerZone Connect amplifier series—now catering to the sophisticated demands of networked audio systems that require up to 4x4 channels at a sample rate of 44.1 and 48kHz.

Kevin Wilkin, Executive Sales Director for Blaze Audio North America, commented, "We are pleased to introduce Dante integration to an initial selection of our PowerZone Connect series amplifiers. Audinate is recognized as the industry leader and preferred supplier for media networking solutions, and the inclusion of their Dante Ultimo chip in our amps emphasizes Blaze Audio's commitment to empowering system installers with the advanced tools needed to create world-class audio experiences while efficiently managing multiple units over an Ethernet network."

Blaze Audio's Audinate Dante-equipped amplifiers are now available for purchase through Blaze Audio's extensive global partner network. Models include:

- PowerZone Connect 122D (125 W | 2 CH)
- PowerZone Connect 504D (500 W | 4 CH)
- PowerZone Connect 2004D (2000 W | 4 CH)
- PowerZone Connect 3004D (3000 W | 4 CH)

For further information on local availability, please contact your local Blaze Audio partner at: <https://blaze-audio.com/partners> or call (888) 500-0109.

Audinate and Dante are trademarks of Audinate Pty Ltd.
